LOCAL ITEMS.

Columbus sailed on his first voyage of discovery on the 3rd of August, 1492.

Sheriff Hughes left on the steamer Northwest for Battleford on business connected with his office.

We believe the P. A. Cricket Club will again play the police on Wednesday afternoon next. We hope the boys will give a better account of themselves than they did the last match.

Miss Shaw, correspondent of the New York Tribune, is a passenger on the Northwest making the round trip, and taking in the beauties and mosquitoes of the noble Saskatchewan.

People are complaining every day about the racket made at night by a lot of useless curs that are allowed to run around town. The constable has no place to put impounded canines, therefore the blame falls on the shoulders of our civic fathers.

Mr. R. Ouellet gave a recherche reunion on Thursday evening in honor of his namesake from St. Lauront. A very pleasant evening was spent—"a feast of reason and the usual flow of soul." Our representative left in the wee sma' hours and the subsequent proceedings interested him no more; however we believe every hing ended up happily and everyone present also.

There are, lots of places where the weather is more unseasonable than the Northwest; for instance it has been abnormally cold throughout England for some time and snow fell in the suburbs of London the middle of last month. The peaks of Skiddaw and other mountains are covered with snow. It is the first time snow is known to have fallen in England in July.

Dr. McAdam, and Mr. J. A. Yerex, Medical Examiner and Inspector of Agencies respectively, representing the New York Insurance Co. of New York and Winnipeg, arrived by boat on Saturday last. They are both old timers in this country, and are enthusiastic over the beautiful scenery and pleasant trip up the Saskatchewan, and as usual with new comers they were surprised and delighted with the business like city aspect of the Chicago of the Canadian Northwest.

The band serenaded our member and his amiable lady Mrs. Macdowell, at their residence last evening. The boys were accompanied by their worthy patron, Col. Sprout, who acted as spokesman. Mrs. Macdowell invited all into the house where a pleasant time was spent. Mr. Macdowell complimented the band on their progress and musical ability and cordially thanked them for the honor conferred. On the home journey the band stopped at the residence of the Hon. L. Clarke where they played a few pieces and were afterwards regaled with refreshments by Mrs. Clarke. The honorable gentleman himself, being confined to his bed through illness, was unable to put in an appearance. On arriving back home the gallant colonel invited the party to his own residence, where another merry hour was spent in music, speeches, etc., everybody going home well satisfied with the evening's outing.

The meeting of the Saskatchewan Rifle Association has this year more events to compete in than ever before and also more prizes; and we believe the ladies intend having a grand picnic on the second day, 24th inst., at the range. There are to be eight and possibly nine matches to be shot off, which are as follows, together with the distances:—Merchants, 200, 400, and 600 yards; D. R. Association, 200, 500 and 600 yards; Ladies, 400 yards; Macdowell, 400 and 600 yards; All Corners, for Major Perry's medal, with any rifle, 700 yards Team, 200, 500 and 600 yards; Martini Henri, this match will be shot in by members making the ten best aggregate scores in the Merchant's and Association matches, 500 and 600 yards; F. Division, N.W.M.P., 700 and 800 yards. Seven shots will be fired at each range. The Finance Committee are on the watchpath collecting subscriptions for the Merchant's Match and hope they will meet with good success. Membership fees will be received up to Wednesday evening, the 22nd inst.

CHIT-CHEAT LOCALS.

Gathered by our Reporters.

Fine Japan and Congou tea at Walters and Baker's. A good black tea for 25c. Montserrat and Jamaica Lime Fruit Juice in large or small quantities at T. E. Jackson's.

The steamboat Northwest left Battleford for this port on Friday, and is expected to arrive to-morrow evening.

Dr. Stovel, Dentist, contemplates leaving town about the first of September and will be away during the winter months.

Mrs. A. Stewart, Miss. Hay, and Master Freddy, Stewart, leave on the east-bound boat on Saturday for Portage La Prairie.

Miss Mosgrove, of Winnipeg, sister of Mrs. Wm. Diehl, of Carlton, arrived by the boat on Saturday, enroute to join her sister at that place.

The river has risen considerably during the past two days, and is now at a good stage for navigation, as indeed it has been all this season.

A picnic took place at the farm of Mr. John Stewart, Island Lake, on Thursday; a number of people drove out from town, and a pleasant time was spent.

The steamer Northwest arrived at 6 o'clock p.m. on Saturday bringing in a large amount of freight for the Hudson's Bay Company and several passengers for Prince Albert.

Walters & Baker always keep on hand, Sugar, Syrup, Flour, Bacon and Tobacco. A choice lot of the above goods received this week.

Mr. R. McDermott returned on Saturday from a short visit to his friends at Winnipeg. If done rumor be correct he will take one of Prince Albert's fair daughters to his home at Isle la Crosse.

A lacrosse match between the home club, and the Mounted Police team, is one of the near future possibilities. It will certainly be an interesting game, as no small amount of rivalry exists between these old warriors of the Lacrosse field.

Mr. T. Parker, of the H. B. Co., left, on the Northwest, for Carlton to superintend the unloading of some freight for the company at that place, which is to be shipped from there to their northern ports.

A very heavy shower of rain on Sunday night made it difficult for pedestrians to navigate on some streets and disagreeable for those returning from church. Fortunately the soil is of such a nature that by noon on Monday the streets were quite dry.

Butter crocks of all sizes, also 100 sacks of fine dairy salt, of 50 lbs. each. Just what is wanted in the dairy. Walters & Baker are selling them.

Practice at the rifle range is well attended and mostly all the members are very enthusiastic over the meeting this year. The range is a good one and the mounds will be fixed so that they can be used with comfort. The Ladies Match is the talk of the day and we believe they have a very large amount collected which we hope will be divided into at least eight or ten prizes.

On Thursday morning about 4 o'clock Messrs. Russell & Davis slaughter house fell a victim to the flames. Mr. Russell, as usual, went out at that time to get their stock of meats ready for the day and when nearing the building he saw it was on fire, and only arrived in time to save the live stock in the yard, and could do nothing towards saving the building, which burnt down in a very short time. There were about \$200 worth of meats in the house. They cannot account for the fire, except that it caught from a smudge in the yard. The total loss will be about \$500.

LEGISLATIVE ASSEMBLY.

His Honor the Lieut.-Governor
will we presume at an early date, or
as soon as the Legislative Assembly
is called together, select the mem-
bers who are to constitute his Advi-
sory Board. This Board will be
composed of four of the elected
members of the Legislature, and are
to advise His Honor on all matters
relating to the financial affairs of the
Territories, and will meet from time
to time at the call of the Lieuten-
ant-Governor. The constitution does
not provide the manner of selecting
the members of this Board. But as
there are four to be selected, we
presume it was the intention to have
a representative taken from each of
the four districts of East and West
Assiniboia, Alberta and Saskatche-
wan. It is but fair that each should
be represented, and we will urge
strongly the rights of this District to
representation. The next question,
then, will be which of Saskatche-
wan's five members to appoint? The
position will be a very responsible
one, and none but the best men
should be called to sit at that Board.
The man who represents this Dis-
trict on it should be one who will
serve well the district at large and
not favor one portion of it more than
another, and who will be able to up-
hold the interests of Saskatchewan
so that we will have a fair share of
whatever money is to be spent.
While we know that all the members
from this District are good men, yet
there are some who owing to their
experience, training in business and
their knowledge of financial matters
are better qualified than others. Mr.
Clinkskill of Battleford has good
claims to be considered, and so has
Mr. Mitchell of Batoche; they are
both men of integrity and ability and
are well qualified in other respects.
But we think that Mr. Betts has a
stronger claim to the position than
either of the others, not perhaps in
point of ability, but for other rea-
sons, and one is that he represents
the foremost constituency in the
District. Mr. Betts has every quali-
fication necessary, and has also held
positions of public trust heretofore
and acquitted himself well. We
may refer to this matter again, and
in the meantime we urge Mr. Betts'
appointment as a member of the
Advisory Board.

RAILROAD MATTERS.

Although work has not yet been
commenced on the Regina and Long
Lake Railroad, it must not be taken
for granted that nothing will be done
this season. We are able to state
that preparations are being made as
expeditiously as possible, and that
everything may be in readiness at
any date for prosecuting the work of
construction. The only difficulty in
the way appears to be Mr. Pugsley's
reluctance to sell the Regina and
Long Lake charter to the C. P. R.,
or rather the fixing of a price between
the two companies. At present it
is rumored that Mr. VanHorne, the
manager of the C. P. R., is visiting
Saskatoon. If such is the case, an
effort should be made to induce him
to come on to Prince Albert. We
have no doubt that if the General
Manager saw our settlements and
magnificent crops and herds of cattle
it would hasten the building of the
road.

Our respected townsman Capt.
Moore, who has been absent nearly
three years in Ireland, will arrive in
Prince Albert in a few days. We
do not know whether he comes to
reside permanently or not, but sin-
cerely trust that it is his intention to
do so. No man was ever more
highly and universally esteemed by
any people than is Capt. Moore by
the people of this district, and no
single individual has done more to
build up the place. There has been
some talk of giving him a fitting
reception of a public nature on his
arrival, but whether or not that is
done, we are sure that he will re-
ceive a cordial welcome from all.

EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered
with scales like spots of mortar.
Cured by Cuticura Remedies.

I am going to tell you of the extraordi-
nary cure your CUTICURA REMEDIES per-
formed on me. About the 1st of April I
noticed some red pimples coming out all
over my body, but thought nothing of it un-
til some time later on, when it began to look
like spots of mortar spotted on, and which
came out in layers, accompanied with itch-
ing. I would scratch every night until I
was raw, then the next night the scales,
being formed meanwhile, were scratched
off again. In vain did I consult all the doc-
tors in the country, but without aid. After
giving up all hopes of recovery, I happened
to see an advertisement in the newspapers
about your CUTICURA REMEDIES, and pur-
chased them from my drug list, and obtained
almost immediate relief. I began to notice
that the scaly eruptions gradually dropped
off and disappeared one by one, and I have
been fully cured. I had the disease thirteen
months before I began taking the CUTICURA
REMEDIES, and in four or five weeks was
entirely cured. My disease was eczema and
psoriasis. I recommended the CUTICURA
REMEDIES to all in my vicinity, and I know
of a great many who have taken them, and
thank me for the knowledge of them, espe-
cially my mother who has been with scaly
eruptions on their heads and bodies. I can
not express in words the thanks to you for
what the CUTICURA REMEDIES have been
to me. My body was covered with scales,
and was an awful spectacle to behold. Now
my skin is as nice and clear as a baby's.

THE NAUGHTY INDIANS.

To the Editor of The Times.

SIR,—You will, undoubtedly, have received from other quarters, an account of the sports held midway between Sandy Lake and Snake Plain a short time ago; the contest being between the Indians belonging to the above named reserves. It was indeed a nice sight to see so many well dressed Indians together apparently enjoying themselves—and as a casual observer would have thought—in innocent amusement. The result was quite the opposite, and facts go to prove that it is not wise to encourage them to meet for such purposes. The evil I have reference to is betting. Both men, women and boys were betting in a reckless way. I heard that one Indian staked his iron bound cart on a horse, and lost. I presume it was private property, by which I mean not Government or "loaned" property. Others staked the clothes they had on their backs. Women speculated in like manner with rings, etc. Now when we consider that these Indians have to be supported by the Government, it does not seem hardly right that they should squander what private property they possess in such a way, hence the folly of encouraging them to meet for such purposes unless they were given to understand, by those who convene the meeting, that betting will not be allowed.

Yours, etc.,

PRESENTATION AND ADDRESS.

The officers and other employees of the Saskatchewan Hudson's Bay Company's District, assembled at the residence of their chief, the Hon. L. Clarke, on the 26th of June last, the anniversary of his fifty-sixth birthday, and presented him with the following address and a magnificent epergne. We also give the worthy chief factor's appropriate reply.

LAURENCE CLARKE, Esq., Chief Factor,
Hudson's Bay Co., Prince Albert,
Sask.

DEAR SIR.—We the officers, clerks and servants of the Hudson's Bay Company, serving under you in Saskatchewan District, desire on this your birthday to tender our hearty congratulations and hope you may enjoy many more. During the time we have served under your charge, some of us a considerable number, and others a few years, we have all received at your hands many acts of courtesy and kind consideration.

We now desire that you accept the accompanying epergne as an evidence of our regard and esteem.

Trusting you may be long spared in your present useful position and wishing yourself and Mrs. Clarke and family every prosperity.

We are, dear Mr. Clarke,
Yours faithfully.

J. McAuley, J.C.T., Geo. S. Davison, J.C.T., Wm. McKay, J.C.T., Philip Turner, J.K. Simpson, C. N. Garson, John E. Stewart, Fran. Dufresne, Angus McKay, J. B. Parker, R.J. Hart, Albert C. Davison, A. B. Sproat, Thomas E. Parker, Paul de Laronde, R. McGinn, John Turner, D.L. Shannon, J.E. Mack, Geo. Love, Henry Bear, Robert Mack, Ed. Gencoux, J. R. McAuley, Ed. Dufresne.

REPLY.

TO THE OFFICERS, CLERKS AND SERVANTS,
Hudson's Bay Company, serving in
Saskatchewan District.

GENTLEMEN.—I tender you my hearty thanks for your congratulations on my fifty-sixth birthday. The expressions you have used in your address towards me, and the different relations we have held towards each other during the considerable number of years that we have worked together in the interests of the company is the highest compliment you could possibly pay me.

The splendid and valuable present accompanying your address, as an evidence of your regard and esteem, is out of my power to find words to express my thanks. The epergne shall descend as an heirloom in my family, and will be a memorial of the good feeling existing between myself, brother officers, clerks and servants.

With the grateful thanks of myself,
Mrs. Clark and family,

I am, dear friends,
Yours very faithfully,
L. CLARKE.

PRIZE STUDIES OF TORNADES.

The American Meteorological Journal, desiring to direct the attention of students to tornadoes, in hopes that valuable results may be obtained, offers the following prizes:

For the best original essay on tornadoes, or the description of a tornado, \$200 will be given.

For the second best \$50.

And among those worthy of special mention, \$50 will be divided.

The essays must be sent to either of the editors, Professor Harrington, Astronomical Observatory, Ann Arbor, Mich., or A. Lawrence Rotch, Blue Hill Meteorological Observatory, Readville, Mass., U.S.A., before the first day of July, 1889. They must be signed by a *nom de plume*, and be accompanied by a sealed envelope addressed with the same *nom de plume* and enclosing the real name and address of the author. Three independent and capable judges will be selected to award the prizes; and the papers receiving them will be the property of the Journal offering the prizes. A circular giving fuller details can be obtained by application to Professor Harrington.

The Police turned out in full force on Sunday morning last for church parade: some of the men going to the English and others to the Presbyterian Churches. The men presented a very fine appearance in their full dress uniform, and as they passed THE TIMES Office they were all under command of their very efficient officer Supt. Perry. We must congratulate the gallant major on the discipline and neat, soldierly appearance of his command.

THE H. B. RAILWAY.

The following which we clip from the *Call* of a recent date will be of great interest to the citizens of our town and farmers throughout the district.

"Messrs. Oudetdonk, Kingsmill and other gentlemen interested in the new syndicate formed to complete the Hudson's Bay Railway, had a formal interview with the Government on Monday but on account of other pressing business the executive was unable to go into the question at length. Another meeting, however, was arranged for when some progress with the matter will probably be made. What the syndicate wants is to obtain an assurance from the Government that when satisfactory financial arrangements have been made for the completion and equipment of the line and for the fulfillment of other requirements, the desire of the legislature expressed in the Act 50 Vic. chap. 40, passed last year, shall be carried out by enforcing the act. By this act the Government agrees, on certain conditions, to guarantee four per cent. interest on \$4,500,000 for a period of twenty-five years. If the syndicate receives an assurance from the Government that the act will be carried into effect, they are prepared to meet its stipulations, financially and otherwise; but they are not willing to proceed further with their plans until a favorable answer has been given by the Government. At present the outlook is hopeful. Mr. Hugh Sutherland says that the \$5,000 per mile guarantee for an additional ten miles of the line from its present terminus given by the Government does not form an item of the negotiations."

UNDISPUTED MERIT.

The great success of the Royal Baking Powder is due to the extreme care exercised by its manufacturers to make it entirely pure, uniform in quality and of the highest leavening power. All the scientific knowledge, care and skill, attained by a twenty years' practical experience are contributed toward this end, and no pharmaceutical preparation can be dispensed with a greater accuracy, precision and exactness. Every article used is absolutely pure. A number of chemists are employed to test the strength of each ingredient, so that its exact power and effect in combination with its co-ingredients is definitely known. Nothing is trusted to chance, and no person is employed in the preparation of the materials used for the manufacture of the powder, who is not an expert in his particular branch of the business. As a consequence, the Royal Baking Powder is of the highest grade of excellence, always pure, wholesome and uniform in quality. Each box is exactly like the other, and will retain its powers and produce the same and the highest leavening effect in any climate, at any time. The Government Chemists after having examined all the principal brands in the market, in their reports placed the Royal Baking Powder at the head of the list for strength, purity and wholesomeness, and thousands of tests all over the country have further demonstrated the fact that its qualities are, in every respect, unrivalled.
